

## **Beyond Wealth Advisors Hosts Third Annual Client Shred Event in Partnership with Veteran-Owned Shred America**

**Lee's Summit, MO** — Beyond Wealth Advisors proudly hosted its third annual client shred event on April 25, 2026, providing a secure and convenient way for clients to dispose of sensitive documents while reinforcing the importance of identity protection and financial security.

The event was held in partnership with Shred America, a veteran-owned document destruction company known for its commitment to security, professionalism, and community service. Clients were invited to bring personal and financial documents for safe, on-site shredding, helping reduce the risk of identity theft and fraud.

Now in its third year, the shred event has become a valued tradition and a meaningful way for the firm to connect with clients outside of the office in a relaxed, service-oriented setting.

The event saw strong participation from clients and community members, with hundreds of pounds of documents securely destroyed. Shred America's on-site shredding services ensured that all materials were handled and destroyed in compliance with strict security standards, giving attendees peace of mind throughout the process.

Beyond Wealth Advisors remains committed to hosting events that support client well-being, financial literacy, and community connection.
